A six-month old Royersford boy was killed and seven other members of the same family, four of them from Pottstown, were injured early yesterday morning as a result of a three-car collision in Virginia.

The dead child, Timothy Waller, was the son of Mr. and Mrs. Jerry Waller, North Fifth avenue, Royersford. Mrs. Waller was injured in the same accident. Memorial hospital in Winchester, Va., reported the following admitted as a result of the mishap and the extent of their injuries:

Arthur Jones, 625 Water street, fractured right leg and cuts of the forehead.

Mrs. Arthur Jones, 625 Water street cuts of the face.

Arthur Jones Jr., 4, of 625 Water street, both legs fractured.

Beggie Wallers, North Fifth avenue, Royersford, head cuts.

Dorothea Dalton, Royersford, under observation.

Virginia State police reported the accident took place on Route 11, seven miles north of Winchester at approximately 12:30 a. m.

Although they would not disclose the details until the investigation is completed, they described the three car collision as "one of the worst" to have occurred in their area.

They reported 14 persons hospitalized as a result of the collision which took place on a three-lane highway and involved two other drivers from Winchester.

MRS. BEATRICE WHITE, 649 Water street, sister of Arthur Jones, said the hospital called them at about 3:30 a. m. yesterday to inform them of the injuries to members of their family.

She said that her parents, the Rev. and Mrs. George Jones, 607 Water street, left for Virginia immediately after the telephone call.

Waller also left for Winchester when he received the news of the death of his son and injury to his wife from Royersford Police Chief Bryson Turner who was also notified.

President Urges End
To Walkout; Lewis
Pledges Cooperation

WASHINGTON, Oct. 26 (AP) — President Truman tonight made a personal appeal to union leader John L. Lewis to end the week long soft coal strike. Later Truman said Lewis "has assured me of his cooperation."

Lewis was not reached immediately to determine if this meant he would instruct the idle miners to return to work, but apparently this was what was expected.

The President's announcement of his request and Lewis' reply was made after a suddenly-arranged White House meeting — in the President's private study. It was attended by Truman, Lewis, Harry M. Moses, president of the Bituminous Coal Operators' association; the President's assistant, John R. Steelman; Economic Stabilization Director Roger Putnam and Federal Mediation Chief David L. Cole.

On leaving, Lewis told reporters he had no statement but added: "Obviously, whatever the President said is right."

THIS STILL LEFT up in the air the question whether Lewis would order the United Mine Workers back to work as Truman's words that he had been "assured of cooperation" by Lewis, seemed to indicate.

A Perkiomenville woman was robbed of a \$2500 diamond ring and approximately \$2000 in cash and beaten about the face by three men who broke into her home Friday night.

Mrs. Harry Faust, who was alone in her home on Pottstown road, Perkiomenville, at the time, gave the following account of the incident.

She said she was sitting in her living room watching television at approximately 11:20 p. m. when she thought she heard a noise. Upon investigating, she found nothing.

A little later she heard the noise again and decided to go upstairs for a flashlight, but as she approached the stairway at the end of the first floor hallway a "tall man with a gun in one hand and a flashlight in the other" came out of her bedroom and seized her.

"He dragged me into the dining room," she said, "and when I started to scream, he hit me in the face and broke my glasses."

George Arms, 84,
Suffers Heart Attack
Alighting From Taxi

An 84-year-old Pottstown man who recently came back from two years of Florida retirement because he wanted to be among old friends is in serious condition in Pottstown hospital after a heart attack.

George Arms, a former longtime employe of Brookside country club, was felled by a congestive heart condition as he alighted from a taxicab Saturday night at 1010 North Evans street, where he had roomed the past six weeks.

Charles Jones, driver of the cab, called the Good Will ambulance when Arms fell to the sidewalk as he alighted from the vehicle.

Dr. Mark Belne, resident physician at the hospital, said last night that Arms is in "a very serious condition, with pulmonary congestion and congestive heart failure."

STELLA ARNOLD, Arms' landlady, said the heart attack struck the aged man about 11 p. m. (Continued on Last Page)

Box of Nickels Stolen
From Gas Station;
Police Seeking Thief

Pottstown police are seeking a man who stole a metal box containing about \$35 in nickels from the Red Arrow oil company service station, 128 High street, at 3:15 o'clock Saturday morning.

Employees of a nearby diner later reported to police they had cashed \$2 worth of nickels for a man answering the description of the thief.

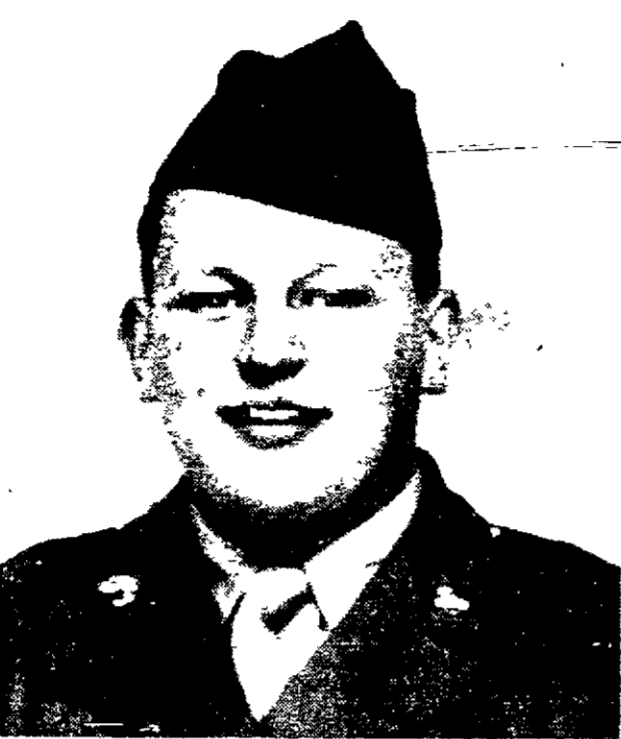

The description was given to Patrolman Howard C. Smoyer by Harry Swenk, Barto RD 1, night attendant at the station.

Swenk told a reporter the thief, a stranger to him, had entered the station office earlier in the morning and began telling him a rambling story about a drinking bout in which he and some friends had been engaged.

The thief attempted to go behind the office display counter once, Swenk said, when the attendant was servicing a customer's auto. Swenk's suspicions increased at that point and he told the man he had better leave.

THE ATTENDANT said the thief (Continued on Last Page)

Burned to Death

Bernard P. Wassiluck

Joseph S. Krupiak

Pictured above are the two young men burned to death early Saturday morning on Route 100 near Bucktown when Krupiak's 1952 sedan failed to make a curve and crashed into a utility pole atop an embankment. The auto and the pole caught fire and the men, believed by eye-witnesses to be unconscious when the fire began, were charred beyond recognition. The men were going fishing when the accident occurred. Wassiluck lived at 550 Lemon street, Stowe, and Krupiak at 616 Howard street, Stowe.

Small Piece of Shirt and Work Shoe
Lead to Identification of Crash Victim

By ED ZUMACH
(Mercury Staff Writer)

A small piece of a grey corduroy shirt made by his sister and part of a black work shoe led to the identification Saturday afternoon of the second auto crash victim, burned to death earlier that morning on Route 100 near Bucktown.

The owner of the shirt and shoe was Bernard P. Wassiluck, 26, of 550 Lemon street, Stowe. His identity almost was a certainty at 12:30 p. m. when another sister visited the scene of Wassiluck's fiery death and found bits of clothing she believed belonged to him.

The identity was as definite as possible under the circumstances by about 3:45 o'clock the same afternoon. Identification of the bodies was impossible. Both were charred beyond recognition.

The body of the other victim was identified as that of Joseph S. Krupiak, 25, of 616 Howard street, Stowe, less than three hours after the accident.

Paoli State Policeman William Petrie found the young man's registration card for the wrecked, 1952 sedan on the front floor of the vehicle.

THE FIRST KILLING Wassiluck's family had of his death was, shortly after noon Saturday when Petrie and Pottstown Motor Patrolman Earl J. Rhoads went to the Wassiluck home to ask if Bernard was home.

Police had been told about an hour earlier by Frank Kopanash, 204 East Howard street, Stowe, that he had seen Wassiluck with Krupiak Friday night. It was almost certain by that time that Krupiak was one of the dead men.

Mrs. Mabel Welsh, 777 North Charlotte street, was announced Friday as the other candidate by Republican Committeeman John B. Hartenstein Jr.

The ward election board and the committeemen instituted a petition requesting the county board of elections to increase the present two-person clerical staff by two because of the large number of registered voters in the ward.

Such a request may be made when a ward has 1800 or more voters. The Eighth ward has 1870.

Bright Fall Leaves
Cover Area Highways

Vehicles rolled over leaf-littered Pottstown area highways during the weekend as Dame Fall descended in full splendor.

Jack Frost pressed his killing attack yesterday morning and many trees were nearly derobed. Streets and driveways were bedded with yellow, orange and red leaves yesterday. And you could feel the teeth of Winter just around the corner.

The sky was clear and pale blue Saturday and yesterday. It was his brother-in-law, Walter Troop, crisp enough for football, not too cool for a hike or tour of the golf course and as scenic as any Fall weekend can be in eastern Pennsylvania. By next weekend many of the leaves will have fallen.

For today the weatherman predicts a little cloudiness with a high of 65 to 70. It will be a good day for Monday's wash. Tomorrow will be cooler and rather cloudy.

The AFL has signed 38 percent of 325 maintenance workers at the Firestone Tire and Rubber company, it was learned yesterday.

The executive board of Local 336, United Rubber Workers (CIO) has mailed a letter to every maintenance worker which urges they remain in the Rubber Workers union.

Copies of the letter will be passed to production workers today.

THE LETTER points out, "It has come to our attention that an outside union is seeking to gain recognition as the bargaining agent for some of our maintenance union members."

1400 Workers Unanimously
Ratify Pact With Company

By MERCURY STAFF WRITER ROBERT E. HOYER

Pottstown's Spicer Manufacturing company plant will remain in operation. More than 1400 members of Local 644, United Auto Workers, (CIO) yesterday unanimously ratified an agreement to keep production lines at the plant open.

The decision will affect a large number of employees who had lived in bleak anticipation of closure since this past Sept. 8, the day Dana corporation executives announced to a stunned public the sprawling Pottstown plant would be closed.

The agreement approved by the union is the result of meetings between union and Dana corporation officials in Philadelphia Thursday and Friday.

A study of production standards, methods of paying for time when machines are not running and establishing incentive operations were cited as the most important clauses in the agreement by a company spokesman.

Morris R. Gavin, plant manager, said, after union ratification of the agreement, every effort would be made to obtain greater production without reducing take-home pay.

The plant manager asserted the corporation will do everything it can to remodel the production lines in the huge plant to improve the operation. The remodeling will include the addition of some new machinery.

Gavin reported, in view of the employees' interest and willingness to co-operate in an attempt to improve the cost structure prevailing, the company and the union agreed to certain modifications of the existing practices which it was felt were the roots of most of the excessive costs.

Among these the most important revolved around:

- 1. Production standards.
- 2. Method of paying for time when machines are not running.
- 3. The extent to which incentive operations could be established.

"With respect to these matters it was agreed the general work structure should be reviewed with an eye to obtaining the greatest production and still not reduce take-home pay. It was also agreed, allowances in pay for time when employees are not operating machines (Continued on Page Five)

The entire agreement was explained to Local 644 by union officials. Two hours of discussion in Sunnybrook ballroom preceded the unanimous vote.

Robert Kemp, unit chairman; Russell A. Saltzer, bargaining committee chairman; Robert B. Conner, UAW international representative, and Martin Gerber, director of Region 9 and a member of the international executive board, went over the agreement point-by-point.

Union officials said the agreement goes into effect immediately. The union stated, "More than 1400 members of the UAW-CIO this morning unanimously ratified an agreement which will mean continued operation of the plant. They heard a report on the results of meetings between the union, Local 644 committeemen and top officials of the Dana corporation held Thursday and Friday in Philadelphia."

"After hearing details of the agreement to keep the factory in operation members approved without a dissenting vote. Similar action was taken by white collar groups who are represented by the UAW at the Spicer plant."

The meeting in Philadelphia was called by Richard Gosser, international vice president of the UAW-CIO.

It was the second session between top-flight union and company officials since the announced closure of the plant.

All aspects of the decision to close the plant were discussed at a Sept. 25 meeting in the John Bartram hotel, Philadelphia.

International union officials launched an immediate campaign to keep the plant in Pottstown (Continued on Page Five)

Foreign Cars Pass
Through Pottstown
On One Lap of Test

High street easily might have been mistaken for a European highway yesterday as foreign made cars sped down the thoroughfare for a rendezvous at Howard Johnson's restaurant, prior to leaving for Philadelphia.

These sports cars, piloted by drivers from all parts of Pennsylvania, New Jersey and Delaware, passed through town in a precision driving contest on routes that converged just above Pottstown.

The cars arrived in Pottstown at approximately five-minute intervals from 10:45 a. m. to 2:30 p. m., stopped at the restaurant, a pre-designated check point, before proceeding to Fairmont park in Philadelphia where the Sports Car club of America held a rally.

Among the sport cars seen here were Alfa Romeos, Porsches, Seratas, Jaguars, MG's, Ferraris, Bugattis, Simcas, Bentleys, Austins and Aston-Martins, all of British or Continental make.

The contest was not a race, but a test of the driver's skill in handling his car on all types of roads and his ability to arrive at check-points exactly at a designated time. Judges were stationed all along the course, including High street.

State police barracks at Coatesville of the car. Graybill managed to get the blindfold down, saw they were in the country near a wooded area. Graybill went out to the barn area and he leaped from the car about 3 o'clock Saturday morning and ran. The man chased him to milk the cows. He switched on only a few minutes and then the light and two men, one armed stopped.

Graybill said he found they had a driven south of Wilmington, Del., of the men hit him a blow with a club and dazed him. They walked so he got on Route 41 and started walking home. He had walked some 20 miles when his brother-in-law picked him up early today. He said he had been given one assembly of the parade and the route of a march.

The marshals are all members of local civic, service and fraternal organizations aiding in the annual Halloween celebration.

Marshals Will Discuss
Final Plans for Parade

Final plans for the Halloween parade will be discussed by 20 to 25 parade marshals at a meeting in the Recreation commission office, borough hall, tonight.

Robert Reis, director of recreation, said he called the meeting to go over instructions for the assembly of the parade and the route of a march.

Trojans Nip West Chester

GEORGE SMITH'S EXTRA POINT
KICK PACES 13-12 VICTORY

By ED TAGGERT

A single foot marked the difference in Pottstown High's 13-12 win over West Chester Saturday afternoon—that was the right brogan of extra point specialist George Smith.

Just as important in averting a second league game tie for the Trojans, was their high-pressured line that smothered the Warriors' try for their 13th point in the fading minutes of the game. The failure to convert cost the unlucky WC eleven its 14th straight loss, six one-foot line.

A goal line stand with the help of the clock at the end of the first half was another high mark in the victory that moved the Blue and White up to fourth place in the Ches-Mont loop.

Two long marches were featured in the first period. One by each squad with neither paying off. The Trojans were the first to roll, starting on their own 29. A 25-yard sweep by fullback Carl Stahl was the biggest bite in the drive that finally ended on the Warriors' 11.

With a second and 10 to go, Flip Smoyer bobbled Kirk's handoff as he crashed into the line. Ed Sheller, a husky WC guard fell on the ball and the home club started a goalyard trek.

Fullback Charlie Lawson, a Warrior who the Trojans will have to face again next year, did most of the ball carrying as West Chester registered four straight first downs.

Finally at the Pottstown nine, Ray Donnelly and Bill Fisher met Lawson at the line of scrimmage and threw him back as his bid for another first down fell five yards short.

Midway in the second period, Howie Bedell fielded a punt on his own 30. As he raced to his left, Sutton applied a block that brought a spontaneous outburst of "Ohs" and "Ahs" from the partisan WC crowd.

Bedell danced along the left side of the line down to the West Chester 44 before he was knocked out of bounds.

Bechtel picked up 20 yards on a smash off left tackle, and after a back in motion penalty temporarily slowed the march, Jack carried two more times right up the middle, the second for a touchdown.

Ron Downie's kick for the extra point was wide.

The Warriors bounced right back with George Glatts and Lawson running hard, and they were threatening as the time was running out in the second quarter. The two big advances in the march were a 15-yard drive to the 10-yard line by Lawson to Joe Norman pass for 31 yards, and a fighting sideline run by halfback Sam Black for 14 yards down to Pottstown's seven.

This gave the Chesterites a first down but in three thrusts they moved only to the three. Stahl pushed the rugged Warrior fullback a yard in reverse. The halfback before Greenwald could huddle his team for another play, late in the third quarter after neither team could make much headway, Sheller, the boy who earlier recovered the Pottstown fumble, again hurt the Trojans by blocking Josh Sova's kick deep in Blue and White territory.

Guard Jim Brice recovered the

Monroe and wing linebacker Paul Stofko combined to run Glatts back another five yards.

The big play of the game was Kirst's 25-yard run around his own left flank to the Cat 13. Five plays later, Smith slanted off right tackle for six points and also added the conversion from placement.

NORCO STARTED its only sustained drive of any distance for a touchdown at the close of the period, as they took a Smith punt on toe 40.

They got a first down on the 29 and had fourth and six on the 25 before Kinckiner in punt formation, hit Domin on the two with his club's only pass completion of the day. The Cat right half staggered over with a Sun defender on his back and Kinckiner plunged for the extra point to make it 26-7.

Two plays before end of the game, Clemens cut off a pass by Lawson sub tailback Denny Fiedler on his own 30 and shot entire distance down the north sideline untouched. Bill Airey's block about

Gene Zelenak, another Cat sub, circled left end for the final point. The nod left Norco with a 2-1-1 record for the year and gave it its third win against two defeats and a tie in the series with the Berks county eleven. Wyomissing is now 1-3-1, for the year and hasn't won since it downed Schwenksville, 30-0, in its opener.

Kinckiner hit the left Greenwall reached Holmes for an side of the Sun's line to score the eight-yard TD aerial.

"Shades of Phoenixville," whispered Pottstown roofers as Gallagher lined up to kick the point. But a high pass from center and the crashing Trojan forwards led by Donnelly and Fisher, were on top of the ball before Gallagher could get it away. Next week, the Trojans face Berwyn, 20-13 winners over Coatesville Friday night.

After Kinckiner got a yard, Ronny Domin went off tackle to the six and fumbled, but Bill McAfee recovered for NC, giving it a first down at that spot.

Whitlatch counted through the middle on second down from the three.

After McMullen's second half kickoff went out of bounds, Wyomissing went 60 yards from its own 40 for its only TD of the day.

But from the 17, Greenwall threw to Don Gallagher in the end zone. Donnelly crashed through to block the kick and the score read, 6-6.

Greenwall's only bad kick in five tries gave the Trojans the ball on West Chester's 27 in the last period. A crucial play confronted Kirk as he needed seven yards to go on the fourth down after three line bucks netted only three yards. He threw out in the right flat to Stahl who looked to be trapped, but he hugged the sideline and moved to the Warrior elite before being knocked outside. Two running plays were of little help when Kirk again pulled a nifty out of the bag.

Faking first to Stahl and then Bill Kerr as they moved to the left, Kirk held the ball and continued around his own right end. He was shoved out of bounds one foot short of the goal. It looked easy as he followed Jack Babel and Sutton across the last 12 inches.

It was here that Smith made his first entry in three games and came through with a game-winning placement.

There was only four minutes left as the Trojans kicked off. Greenwall took to the air after the return was brought back to West Chester's 27. One pass was completed to Ed Holmes for five yards, and then Bedell let a golden opportunity slip through his fingers by dropping a sure interception near the 30.

But from the 17, Greenwall threw to Don Gallagher in the end zone. Donnelly crashed through to block the kick and the score read, 6-6.

Greenwall's only bad kick in five years gave the Trojans the ball on West Chester's 27 in the last period. A crucial play confronted Kirk as he needed seven yards to go on the fourth down after three one-bucks netted only three yards. He threw out in the right flat to Stahl who looked to be trapped, but he hugged the sideline and moved to the Warrior eight before getting knocked outside. Two running plays were of little help when Kirk again pulled a nifty out of the bag.

Faking first to Stahl and Stahl off Kirk as they moved to the left, Kerr held the ball and con-

Upset Bug Has Busy Week at College Grid Games

NEW YORK, Oct. 26 (AP)—Pass the smelling salts, please—some of the nation's college football coaches are a little "upset" today.

It happens at least one Saturday every football season and yesterday that old "upset" feeling reached almost epidemic proportions. Previous records and statistics went for naught as four-time beaten Iowa jolted Ohio State, 8-0, and Southern California shocked California, 10-0, in the most surprising cases of "upset" fever.

Iowa used a rock-ribbed defense in halting the in-and-out Buckeyes, while USC halfback Jimmy Sears reminded Coast

fans of the great Cotton Warburton when he grabbed a punt and returned it 69 yards for a first-period touchdown. California's Golden Bears, rated fourth in the country in the Associated Press poll, were tarnished by the Trojans, who were ranked seventh. California, the nation's top rushing team with an average of 342.8 yards per game, made 119 yards and 0 points.

But there were other cases of the "upset" feeling peculiar to coaches in October and November. Washington fooled Stanford by run-

Eagles Upset Giants; Steelers Whip Cardinals

NEW YORK, Oct. 26 (AP)—Philadelphia's fighting Eagles shattered New York's vaunted forward wall and riddled the famous umbrella defense to inflict a stunning 14-10 setback upon the chagrined Giants to the astonishment and utter dismay of 21,458 Polo Grounds spectators.

49ERS REMAIN UNBEATEN WITH WIN OVER DALLAS

NEW YORK, Oct. 26 (AP)—The undefeated San Francisco 49ers—the only team in the National Football League with a spotless record—continued to steamroller the opposition today by plastering a 48-21 defeat on the Dallas Texans.

The triumph was the fifth in a row for the mighty 49ers, and, in reverse, the fifth defeat without a victory for the Texans.

Frankie Albert threw three touchdown passes, while Hugh McElhenny and Joe Perry each got off long runs for scores.

Thus the 49ers, unless they fall apart at the seams, appear assured of the National Conference title.

But things are different in the American Conference where expected pincers for the New York Giants and Chicago Cardinals turned into nightmares.

The Giants and Cards began the day tied with the Cleveland Browns for the American conference lead but were upset while the Browns squeaked by the Washington Redskins, 19-15.

The Detroit Lions, in the running for the National conference title, smeared the Green Bay Packers, 52-17.

THE LOS ANGELES Rams, pulled even with the Lions by clouting the Chicago Bears, 31-7, in the final game of the day.

The Browns' missed being upset by the magic toe of Lou Groza. Groza booted four field goals, one in each period. His fourth three-pointer, a 35-yard boot, cut Washington's advantage to, 13-12. Two minutes later Otto Graham chucked a 56-yard pass that Sherman Howard snared on the two. Graham then sneaked over with the game winning touchdown.

The Redskins romped 62 and 80 yards for touchdowns in the first and second period and scored a safety in the final. Little Eddie LeBaron engineered both touchdown drives. Chuck Drazemovich maxed both drives by bolting over from inside the two-yard line. A Cleveland turnout of 32,496 fans sweated it out.

Detroit scored at will before 24,656 fans at Green Bay. Bobby Layne was the ringleader in the rout, throwing three touchdown aeri-

als.

The Rams could do no better than trail 7-3, after three periods in their game with the Bears, and in the process blew four scoring opportunities. But sparked by Elroy Hirsch, who has been out with injuries most of the season, the Rams scored four times in the final quarter.

Hill Harriers Lose to Blair

Blair school's Chuck Haselman, beat out John Dubblede of the Hill school for ninth place to give the Harriers a 27-28 win over the Blue cross-country forces, Saturday at Blairstown, N. J.

Joe Luce of the Hill finished first in 10:18.9, but his team went down to its first defeat in four of 49 starts anyhow.

The Blue's Bill Pope, Chet Davis and Clyde Beattie finished fourth, fifth, and seventh, respectively, behind Luce and runnerup Bill Bernard of Blair.

Hill Booters Tally 10 Goals in 2d Win

Hill school won its second soccer game of the season Saturday afternoon gaining a home field decision, by a convincing 10-0 score over Blair academy.

Bruce DeShriver led the scoring parade with three goals, and Stewart Louis and Clyde Dease each tallied a pair. Carl Sauma, Bill Hayes, and Louis Pinada booted the other hill goals.

The Blue now has a record of two wins and three losses.

Scholastic Unbeaten, Untied Ranks Down To 12 in State

HARRISBURG, Oct. 26 (AP)—Six teams were erased from the lineup of unbeaten and untied to leave just 12 major Pennsylvania grid-iron powers sporting unmarred records after the seventh week end of the high school football campaign.

Eight schools still on the select list are in Western Pennsylvania while the others are Eastern powers. Both Central Pennsylvania representatives of last week, York and Steelton, lost their first game over the week end.

A year ago at this stage there were 17 all-winning squads. Thirteen of these finished out 1951 without being tied or beaten.

The 1952 all-winning elevens and the number of their victories:

West—Aliquippa (7), Beaver Falls (7), Washington (6), Wilkinsburg (7), Shade Twp. (6), Lock Haven (4), DuBois, Greenville (7).

Eastern—West Scranton (6), Old Forge (6), Minersville (7), Upper Darby (6).

Mose Moore Wins Last Day Feature At Sanatoga Track

Mose Moore finished out the stock car racing season with a flourish at Sanatoga Speedway yesterday afternoon, winning the 50-lap feature event and moving into second place in the point standings.

But to the delight of many of the 2800 last day patrons, Reds Lesher raced home third and retained his point leadership by a healthy margin.

Stan Fink led the pack for almost 40 laps before Moore made his move. Fink went a bit too wide on a curve and Mose slipped through. Fink held on to the runnerup spot for second money.

In promoter George Marshall's six car destruction derby, Joe Kuser out-crashed George Smoyer and Charlie Burnett.

One of the stocks' gas tanks was knocked loose during the derby, spreading gasoline on the infield. After the races, Sanatoga officials ignited the gas, sending up large clouds of smoke which alarmed drivers along Route 422.

Villanova Edges Xavier, 34-20

CINCINNATI, Oct. 26 (AP)—Villanova's vaunted powerhouse proved just too tough for plucky little Xavier today as the Wildcats from the East routed the 7-7 half-time before yielding grudgingly in the last half, stopp'd Gene Filipki with 45 yards in 17 carries. Filipki, the nation's leading ground-gainer, still plunged over for two touchdowns, however, as did fullback Bob Haner. Haner, captain of the top-rated team in the East, gained 80 yards in 17 attempts.

The startled Villanovans, who had expected to make easy work of Xavier, a three-touchdown underdog with a pre-game record of one win and four losses, raced their football machine in high after the first half ended, going ahead 14-7 on an 80-yard march with three minutes gone in the third period. Shortly after, they jacked up their advantage to 21-7 on a 62-yard sweep down the field.

The score went to 23-7 Villanova in the fourth period after a punt of Xavier's Bob Judd was blocked on the "X" 30.

Xavier never stopped battling, however, and narrowed the lead to 28-14 on a 66-yard march after taking the kickoff, then to 28-20 when Joe DeGaro passed 41 yards to Judd for a touchdown, Judd taking the ball on the Villanova 25.

Joe McNicholas of Villanova picked off a DeGaro pass at mid-field and went all the way to score untouched seconds before the game ended.

225 Attend Banquet Of Letter Carriers; Legislation Discussed

Two hundred twenty-five members and guests attended the Montgomery-Berks counties district meeting and semi-annual banquet sponsored by Local 561 (AFL) National Association of Letter Carriers, at the Eagles Home association Saturday night.

Philip Lepper, member of the national executive board and president of the Empire branch of New York city, spoke about the proposed legislation for a salary increase and urged letter carriers to write their Senators and Congressmen for passage of the bill.

Lepper also spoke in favor of the resumption of two mail deliveries a day instead of the single delivery system which was instituted as an economy measure by the postmaster general two years ago.

Proposed legislation for the next convention of the State association with emphasis on a law protecting carriers from dogs was emphasized by Donald Orner, Harrisburg, who addressed the group as a representative of the organization at State level.

FINAL SPEAKER was Mrs. Marian Grzywinski, Scranton, who appealed to non-members of the organization's State auxiliary to join, and dwelled on the aid women can give letter carriers by urging passage of favorable legislation.

J. Alfred Marquet, Pottstown postmaster, was toastmaster. With Burgess William A. Griffith extending the words of welcome and Richard Peterman, local theology student, delivering the invocation.

Three retired letter carriers, William Gilbert, Ross Shinehouse, and Melvin L. Krause, were guests at the affair attended by representatives from Philadelphia, Allentown, Bethlehem, Scranton, Bryn Mawr and Kutztown.

The evening was concluded with members and guests being entertained by a five-act vaudeville show from Philadelphia.

indicate.

The strike began throughout the coal fields the past Monday after the Government's Wage Stabilization board cut a \$1.90 daily pay increase negotiated by Lewis and Moses to \$1.50. The WSB said the remaining 40 cents a day would be inflationary.

The President's statement after tonight's meeting indicated that Moses had offered to pay the allowable \$1.50 wage increase immediately and to "set aside, available for payment to the miners when and if approved (by the Government) the balance of the increase, amounting to 40 cents a day" retroactive to Oct. 1.

Moses was asked if he felt tonight's 24-minute conference heralded a quick return to the pits.

THE SPOKESMAN FOR the bituminous operators, like Lewis, said he had nothing to say beyond agreeing with Lewis that whatever the President said was "right."

Truman's statement said that in view of the mine owners' offer to pay the \$1.50 increase right away and to put the remaining 40 cents of the increase in escrow for future disposal, continuation of the strike appeared needless.

"It seems to me that avoidable hardship is being suffered by the industry, the miners, and by the economy as a whole in the continued inactivity of the mines while the orderly procedures are being followed."

"I have, as a result of this conference, and in the common good, urged Mr. Lewis, as president of the United Mine Workers, to use his best efforts to effect at once a resumption of work in the mines. Mr. Lewis has assured me of his co-operation."

SS Troopers Cheer Anti-Allies Speech

VERDEN, Germany, Oct. 26 (AP) — Four thousand former members of Hitler's dreaded SS (Elite Guard) cheered ex-general Hermann Ramecke here today as he accused Allied soldiers of war crimes and demanded the release of all "so-called German war criminals."

The SS troopers assembled in this 1200-year-old city for their first big postwar reunion. They included stout six-footers of Adolf Hitler's own regiment "Leibstandarte," and members of the Elite regiments "Deutschland" and "Germania."

Ramecke, a paratroop general and one of the most popular German wartime leaders, told the SS men they had been fighting for their fatherland as well as any other German soldiers and that therefore, "all condemnation of their honor must stop."

"All those Allied officers and soldiers who bombed German cities also are war criminals," Ramecke said.

15 States Are Swept By Fires; Woodlands Shriveled by Drought

By The Associated Press
Spreading fires swept hundreds of square miles of drought-shriveled woodlands in 15 States Sunday. Worried wardens in eight States called the situation either critical or dangerous.

In some areas the smoke pall combined with October's blue haze to reduce visibility to zero and further hampered weary fire fighters who in some States have been fighting the blazes since mid-week.

There was no estimate of the damage. And only one fatality has been reported.

Heavy soaking rains were needed, wardens agreed, to put out the blazes. The forecast, though, was for continued dry weather at least until Thursday.

THE ONLY SPOT on the map that, showed moisture was the southern end of Florida, where hurricane induced showers continued as the big blow moved out to sea.

Slightly cooler temperatures were expected as a mild cool front worked eastward from Canada.

Hardest hit by the blazes were West Virginia, Virginia, Ohio, Kentucky, Arkansas, Maine, New Hampshire and Massachusetts. Harassed were Michigan, Indiana, Illinois, Oklahoma, Louisiana, Missouri and Connecticut.

The fires in Virginia were called the worst in 10 years, those in West Virginia, the worst in seven.

Ohio called out National Guardsmen in two places to fight the blazes termed the most severe in five years.

"Very dangerous" forest fire conditions were reported from Maine.

Another 'Truth Squad' On Trail of President

WASHINGTON, Oct. 26 (AP) — The Republican National committee announced today it will again send a "truth squad" out along the campaign route on which President Truman will set forth early tomorrow.

The name is one the GOP committee has given to groups of Congressmen who reply promptly to the President's campaign speeches on behalf of the Democratic national ticket. In a statement, the committee said his "increasing misrepresentations, distortion and Alice in Wonderland treatment of facts must be immediately corrected."

Wyatt, High Debate Role of McCarthy in Election Campaign

NEW YORK, Oct. 26 (AP) — Wilson Wyatt, personal campaign manager for Gov. Adlai Stevenson, and Stanley High, campaign aide to Gen. Dwight D. Eisenhower, hurled verbal rocks at each other on a radio program today.

Wyatt demanded to know whether Sen. Joseph McCarthy's coast-to-coast speech tomorrow night on "The Stevenson Record" had the "official endorsement of Eisenhower."

"I do not endorse McCarthy or McCarthyism," High replied. "All I can say is that he has served a very useful purpose so far as the Democrats are concerned."

High said the Democrats have used McCarthy "as a red herring to cover the Communist issue."

Wyatt retorted that Eisenhower had hailed Gen. George C. Marshall as a great patriot, but later had endorsed Indiana Republican senator William Jenner who had attacked Marshall as "a front man for traitors and a living lie."

US-Directed Service Canceled by Italians

ALESSANDRIA, Italy, Oct. 26 (AP) — Police prevented the American-led Church of Christ from holding services in this North Italian town again today.

Uniformed policemen and plain clothesmen barred entrance to rooms where services were to have been held by Melvin J. Pownall, Coatesville, Pa. Pownall had come here from nearby Milan to conduct the services. Four members of the Milan church accompanied him.

The police action was the first difficulty encountered by the Italian Church of Christ since Oct. 3, when the Italian government agreed to allow services in the 22 churches of the denomination pending consideration of an application for formal permission to function.

Svenk described the thief to Patrolman Howard C. Smoyer as being 5 feet 8 inches tall, weighing about 225 pounds and wearing a brown suit and white pin-striped shirt.

WOMAN ROBBED —

(Continued From Page One)

After she was blindfolded, Mrs. Faust said she could hear the men going through the drawers looking for money and jewelry.

"When they were through downstairs, they went upstairs," she related. "Then they came back down and asked me for the combination to the safe which they found up there."

Mrs. Faust said she gave the combination to them because she "was so scared". A little later they returned and accused her of giving them the wrong combination.

"They threatened to shoot me if I didn't tell them how to open the safe," she said. "So I offered to go upstairs with them and show them how to open it."

MRS. FAUST said she repeated the numbers of the combination again upstairs because they would not take the blindfold off for fear that she could identify them later.

"They took the money, but did not destroy any of the papers in the safe because I asked them not to," she said.

When they were finished looting the contents of the safe, the men took Mrs. Faust downstairs again to the room of Leroy Embody, who lives in the same house but was away at the time buying cattle in Virginia.

A Roversford woman, fearing an impending accident on High street yesterday afternoon, braked her auto to avoid it, but her vehicle was hit anyhow.

Mrs. Faust went to the home of George Schell, a neighbor, who called the police.

She said she knew there were three men because she heard three voices and recalled them referring to each other as Frank, George and Jones. The only one she was able to identify was the man who first seized her. She said he was tall and somewhere between 30 and 40 years of age.

"I was so scared I couldn't remember anything else," she said. Mrs. Faust said she had made a bank deposit of \$6300 the past Wednesday and whatever the three men took was "loose stuff around the house" which she estimated at \$2000 and the ring, plus some other jewelry.

Jeffersonville State police are investigating the incident.

An immediate inspection revealed to her that the men had torn a hole in the window screen of her bedroom, unhooked it and then opened the window.

SPENDING CUTS, TAX REDUCTIONS ASKED BY ADLAI

But Governor Recognizes 'Extreme Pressures' on Federal Budget

BOSTON, Oct. 26 (AP)—Gov. Adlai E. Stevenson called today for government economy and said "we must press forward with religious fervor" toward reduction of taxes and general spending.

The Democratic presidential nominee indicated again, however, that he looks for no quick cuts in either field.

Chatting informally with representatives of a group of veterans' organizations at a breakfast meeting, the Illinois governor said "we are in a time now, from the point of view of the Federal budget, of extreme pressure" because of the international situation and defense requirements.

He added that the period of pressure is likely to last at least through the fiscal year ending June 30, 1953.

Stevenson met with the veterans shortly before setting out on a daylong automobile tour to three southeastern Massachusetts communities—Taunton, Fall River and New Bedford.

He had no speeches scheduled along the way and declared in talking to the veterans that he was taking a rest from politics before starting tomorrow the windup week of intensive campaigning.

He leaves Boston tomorrow morning for another round of whistlestop campaigning through Massachusetts, Rhode Island, Connecticut, climaxed by another move into New York tomorrow night for a speech in Harlem.

ON THE WAY from Boston today, the Democratic nominee, attended services at the First Unitarian church in nearby Cambridge. He was greeted there by a crowd of several hundred persons gathered outside, and by another sizeable crowd when he traveled several blocks to a Cambridge hotel for lunch with Gov. Paul A. Dever of Massachusetts.

After Taunton, Stevenson was attending ceremonies dedicating the new Myles Standish hospital in Fall River and New Bedford. He planned to attend social functions, including a "Meet the Governor" affair at the home of Joseph P. Kennedy, wife of the former ambassador and Marie, there's a man that he'll reappoint Dever, sister of the governor. Mrs. Kennedy is the mother of US Rep. John F. Kennedy who is running for the Senate on the Democratic ticket against GOP Sen. Henry Cabot Lodge.

British Comet Jet Airliner Makes 120-Mile-an-Hour Belly Landing

ROME, Oct. 26 (AP)—Britain's record-smashing comet jet airliner roared down the runway at Ciampino airport tonight, lifted a foot or two off the ground and then crunched back to earth in a 120-mile-an-hour belly landing.

All 42 persons aboard escaped injury. All fled from the plane without excitement or panic.

The plane was badly damaged. Its four jets dug into the ground and held the craft back, averting a possible disaster. A drizzle was pelting the field at the time, and the airliner, plowing through mud, stopped less than 10 yards from a heavy fence.

C. H. G. Kent, an official of British Overseas Airways, which operates the jet, said the cause of the mishap has not yet been determined. The end of the runway was said to have been foggy at the time.

IT WAS the first accident reported for the Comet, the four-engine jet craft whose record-shattering passenger flights have won her acclaim as queen of the air.

All the passengers remained in their seats until the stewardess reassured them there was no danger of fire. The stewardess, Miss Margaret Williams of Pontypool, Monmouthshire, Eng., was commended by all passengers for "remarkable coolness."

Delegates to UN Nervously Await Russian Reply on Peace Proposal

UNITED NATIONS, N. Y., Oct. 26 (AP)—Delegates to the United Nations Assembly, in recess today, are waiting nervously for the Russian reply on a 21-nation appeal for a Korean armistice.

The key to the truce talks deadlocked, delegates conceded, lay in the tone of the answer by Soviet Foreign Minister Andrei Vishinsky.

Up to tonight, Vishinsky had given no indication when the reply will come. The Assembly political committee, engaged in the Korean debate, was scheduled to meet again at 3 p. m. (Pottstown time) Monday, and the hope is that Vishinsky will speak then.

Arvey Doubts Adlai Would Keep Acheson

NEW YORK, Oct. 26 (AP)—Jacob Arvey, Democratic national committee member from Illinois, said tonight he doubted that Gov. Adlai Stevenson would keep Secretary of State Dean Acheson in the cabinet if he is elected president.

Arvey, who helped push Stevenson for the Democratic Presidential nomination, said on the NBC television program, "Meet the Governor," "In my opinion, I don't think he'll keep him. I don't think there's a man that he'll reappoint Dever, sister of the governor. Mrs. Kennedy is the mother of US Rep. John F. Kennedy who is running for the Senate on the Democratic ticket against GOP Sen. Henry Cabot Lodge."

Federal Judge Burns Dies at Erie Home; Appointed in 1949

ERIE, Oct. 26 (AP)—Federal Judge Owen McIntosh Burns, 60, died unexpectedly today at his home in Erie.

A member of the Erie Fire department said the inhalator squad was summoned to Judge Burns home about 6 p. m. Pottstown time, but the judge was dead when the squad arrived.

A physician from Hamot hospital said Judge Burns apparently suffered a heart attack.

JUDGE BURNS had served in Federal district court at Pittsburgh since his appointment by President Truman Oct. 19, 1949. Before that he served as US attorney for the Western district of Pennsylvania.

A native of Canville, Ill., Judge Burns came to Erie in 1925 and established a private legal practice which he abandoned in 1947, when he was appointed to the US attorney post.

KIDNAPER STAYS JUMP AHEAD OF HUNTING POLICE

He Is One of Two Suspects Still at Large; Steals Away at Dawn

SCOTTSDORO, Ala., Oct. 26 (AP)—An accused mass kidnaper kept a jump ahead of officers tonight after spending two nights in Scottsboro hotels while a great manhunt swirled around him.

Highway Patrolman Preston Bryant said Charles Hopkins, 19, Florida ex-convict, tiptoed out of a hotel before dawn today and was seen last morning west toward Huntsville, Ala.

Hopkins is wanted in connection with the wild kidnaping of 20 persons in Georgia and Tennessee by quick-triggered toughs the past week. All of the victims were released or escaped.

He is one of two suspects still at large in the wholesale kidnapings.

PATROLMAN BRYANT said Hopkins went to a service station after leaving the hotel, changed clothes, and started walking along US Highway 72 toward Huntsville.

The hunt widened as officers checked two reports of attempts to steal cars on highways south of Scottsboro.

Police Chief Vernon Thomas said Hopkins registered under his own name at a hotel Friday night, and moved to another yesterday. The chief said the hunted man gave the name of Billy Laureldale at the second hotel, but at both used a Jacksonville, Fla., address.

An FBI official said at Birmingham that there was nothing new to report in the case.

Scottsboro is in northeast Alabama about 45 miles southwest of Chattanooga, Tenn.

Communist Troops Jab Allied Positions

SEOUL, Monday, Oct. 27 (AP)—Chinese Communists jabbed lightly at Allied positions along blood-soaked Sniper ridge and Triangle hill on the Korean central front Sunday night in a possible prelude for new Red attacks on both dominant heights.

The fighting was brief and small in scale. Front reports said all the Red groups withdrew without penetrating United Nations lines.

Farther east, 400 to 500 North Korean troops stabbed suddenly at Heartbreak ridge for the first time in several months. Allied defenders hurled the Reds back in an 80-minute clash.

Belgrade Radio Reports Violations By Bulgaria of Yugoslav Air Space

BELGRADE, Yugoslavia, Oct. 26 (AP)—Belgrade radio reported three new Bulgarian violations of Yugoslav air space today and said Bulgarian ground troops had opened fire across the border on a Yugoslav pillbox.

On the basis of meagre reports, the frontiers incidents—all of which occurred early today—seemed the most serious of a series which have occurred in recent months along the border dividing Yugoslavia from its Russian-led Communist neighbor.

As reported by Radio Belgrade, which quoted the Foreign office, the first incident occurred this morning when a single Bulgarian plane, apparently on an observation mission, flew about nine miles into Yugoslav air near the town of Dimitrovgrad.

Ninety minutes later, the account continued, Bulgarian troops

GENERAL POINTS TOWARD STATES WITH BIG VOTES

Eisenhower Takes Role of Political Fireman; Set For Hot Spots

NEW YORK, Oct. 26 (AP)—Gen. Dwight D. Eisenhower took on the role of political fireman tonight for a rigorous campaign finale pointed toward big-vote states that could swing the election.

The Republican presidential nominee ground away all day long on speeches for the last week of the campaign—a week that takes him into Pennsylvania tomorrow, then into New York, Illinois and Massachusetts.

There still is a chance California may be worked in for a brief visit.

Those five states have 152 electoral votes—nearly three-fifths of the 266 needed to win the election—a week from Tuesday.

ALL ARE fighting ground, marked down for heavy campaigning by both sides.

The Eisenhower schedule relating to them in the closing days of the campaign is being kept fluid. Some substitutions are possible, an aide to the general said.

He told a reporter Eisenhower is "keeping himself ready, like a fireman, to move in on any political hot spots."

Candle Parade Marks Fifth Reformation Day

100 Lutherans Stage Procession Through streets; Cross Is in Lead

The neon lights on High and Hanover streets gave way to scores of candles at 7:15 o'clock last night as Pottstown's fifth annual Reformation Day procession got under way.

Led by a crucifer bearing aloft a golden cross and a brass octette playing hymns of the church, the procession included over 100 persons. High street pedestrians watched reverently as they passed.

It included laymen of Pottstown's Lutheran churches and children of the Sunday schools in white robes, all bearing small electric candles.

Choirs who marched with them also held candles.

ALL FOLLOWED the American and Christian flags, borne aloft on poles by white-robed acolytes who marched behind the musicians.

William F. Lamb Jr. led the musical octette. They followed the crucifer, who was flanked by acolytes holding tall white candles on poles. They in turn followed the Rev. Edgar M. Cooper, who as pastor of 232-year-old New Hanover Lutheran church, oldest in this area, was marshal of the procession.

At the extreme end, which is the place of highest dignity in ecclesiastical processions today as it was in Luther's time, came the Lutheran clergy of the Pottstown area.

Another golden cross went before them, shimmering in the glow from the tall white candles on either side.

The Rev. Dr. Gould Wickey, guest speaker at the impending service, and the Rev. Dr. Luther Krouse, pastor of Emmanuel Lutheran, to which the procession slowly marched, walked abreast behind the other clergy.

THE CLERGY was garbed in all vestments consisting of black, assocks reaching the ankles, white surplices over the black gowns and red stoles embroidered with gold crosses about the neck. Red stoles, symbols of the martyr's blood, always are worn on anniversaries in the Church.

Clergy in the procession included Frederick Auman, theological student who is assistant pastor at Emmanuel church. The Rev. Gustave W. Weber, supply pastor of Transfiguration Lutheran, joined the procession as it entered Emmanuel church.

The organ in the church replaced the brass octette as the procession went down the center aisle. Hymn books replaced the candles in the hands of choir members.

Reformation services began as members of the procession took

Reformation Day in the Reformed and Presbyterian churches honors the day Martin Luther hailed his 95 theses on the door of the Castle church in Wittenberg, Germany.

The Rev. Sando's sermon topic was "Is Protestantism the Answer?"

THE CHURCH must recognize Luther's action as the signal for one of the truly great events of human history and "the beginning of a new day in the religious life of the common man."

In addition, the day honors the other men of the Reformation. Of special significance to Reformed and Presbyterian churches are the doctrines laid down by such reformers as John Calvin and Ulrich Zwingli, who outlined the faith on which these two churches were built.

Taking part in the service at Zion's were the congregations of First Presbyterian, Trinity Reformed, Zion's Reformed, St. John's Reformed and St. Paul's Reformed, Stowe.

Time for Goblins

Time for Goblins... You'll Treat Or...

★ **TREAT OR TRICKS**—This is a week you'll be opening your door to grotesque shapes in the darkness. Groups of silent youngsters will stalk into your living room with a shout of "treat or tricks!" and then will gambol in humorous pantomime. It's Halloween time and most householders are hopeful the youngsters confine their tricks to innocent ones, and not to vandalism. The people of the Middle Ages had excellent

LOOK BACK for a moment at the rites of nature-worship practiced in the forests of Europe before Christianity was accepted. The priest

He dressed himself in the skin of an animal, often a bull or a goat. Then, with horns on his head and a tail hanging down behind, he conducted the ceremonies. When a monk or a knight swore that in a clearing of the woods he had seen witches dancing, he was talking about the *danse macabre*.

★ ON HALLOWE'EN, according to the popular belief of the Middle Ages, witches prepared for their "Sabbath" by anointing themselves with magic balz. Some rode broomsticks of witch hazel wood. A spell would be chant-

mazer wood. A spen would be chaite
and up the chimney would fly the devils
servant. On the wings of the wind the
witches rode to the meeting place. The
priest in devil-garb, horned and tail-
like a goat sat enthroned on a gra-

black chair. The witches would frolic by the Devil-priest. At the first crow of the cock the feasting and dancing ended and the witches would hastily straddle their broomsticks and fly back home.

★ WITCHES were feared, hated and respected in England, during the reign of James I. no old person was safe from

being thought a witch by his neighbors. Various "tests" were planned for the purpose of making the accused confess. A suspected witch was thrown into deep water. If he floated, it was considered proof of guilt. If he sank he was innocent.

★ **SOME WITCHES** were believed to kill and devour little children, So others, it was thought, were able to cause hail, thunder and lightning. The

could cast evil spells on marked persons and cause them to sicken and die and it was believed they could tra-

form themselves into animals, such as dogs, cats, goats, mares and black cats. There is no devilish prank (according to the superstition) which could not be accomplished through the black art of witchcraft. Even today, telling fortunes is a favorite Hallowe'en custom, linked with the idea that magic powers are abroad.

YOUR HEALTH

By HERMAN N. BUNDESEN, M. D.

THE EMOTIONS can have a definite effect on the bladder and urinary system, as anyone knows who has raised children or even kept pets. So we should not be surprised to learn that upset emotions

Quite a number of patients complain of urinary trouble even though a careful examination fails to show any signs of a definite disease. In many of these cases an examination of the person's

psychological background reveals a definite tie-up between the disorder and some emotional strain or frustration. When this is explained to the person

An example is the bladder inflammation known as cystitis, which is not common in women. Usually they complain of painful and frequent urination.

In most cases there is a real infection or some other cause for this bladder

disturbance. In fifteen percent of the cases, however, the symptoms are due to an emotional disturbance. When the psychological or emotional causes behind the bladder symptoms are discussed with these women, the symptoms usually disappear.

Many men also have bladder and kidney symptoms without any defin-

Of course, this does not mean that all types of kidney disorder can be caused by an emotional conflict. Most of them are due to definite infection or other disease. In such cases, the

2 Hearings Settled; Justice Kelley Gives Advice to Man, Wife

Two hearings before Second ward Justice of the Peace Raymond C. Kelley were settled yesterday when charges in both instances were withdrawn by complainants.

In the first hearing, Kelley's advice to a married couple to settle their differences resulted in the withdrawal of assault and battery charges made by a wife against her husband.

Paul Markle, 306 North Evans street, was arrested Sunday night, Oct. 19 when his wife, Janet, preferred the charges following an incident in their home on Oct. 17. An earlier hearing, the past Monday, was continued on Kelley's suggestion that the couple "make-up."

"I always hate to see a man and wife separate when I think there's a chance for them to patch things up," said Kelley.

THE SECOND difference to be settled yesterday involved a Gilbertsville resident, Watson Stuffed, who was being held under \$300 bond for a hearing on a charge of disorderly conduct arising from an argument with a 17-year-old Pottstown youth Friday night.

Stuffed was taken into custody by Pottstown police following the argument during which he threw 17-year-old Eugene Weisenford of the YMCA through the glass door of the Victory Sandwich shop, 24 South Hanover street.

"Finally it was agreed many operations in the plant now on a straight hourly basis would be established on a piecework incentive basis."

IT WAS POINTED OUT by the plant manager, the company desires to operate the plant at the highest levels possible, and although present plans for moving operations could not be called off.

Dana Declares Dividend

Dana corporation, of which the Spicer Manufacturing company is a Pottstown division, voted its regular quarterly dividend of 75 cents a share on common stock Friday.

The dividend is payable Dec. 15 to all stockholders of record Dec. 5.

The Dana corporation has paid \$3 annually on its common stock.

the firm would "be glad" to modify plans in favor of Pottstown employment if the proposed lower costs are attained.

Gavin continued, "As a gesture of faith in the proposals and agreements the company already has made alterations to its moving schedule so much of the work now being performed in Pottstown will remain here."

"In addition the company is optimistic about being able, in a relatively short time, to place new business in the plant if costs are competitive."

"The company has agreed to consult with the union regarding costs from time to time to avoid a repetition of drifting into high cost production."

"Company officials expressed gratification over ratification of the agreement by the union and unhesitatingly predict success in their efforts to insure a large operation here."

The program will be explained to the management group at meetings today.

The Spicer plant came to Pottstown in 1919. It is one of the oldest and best-known industries in the area.

Many of the plant employees have worked at the firm for many years.

Stanley, a brother, went to the scene in a taxi. They found a bit of the grey shirt and a piece of brown striped trousers similar to those worn by their brother.

Meanwhile, North Coventry Police Chief Daniel W. Guldin, Petrie and Rhoads were asking friends of the two men if and when they had seen the two young men Friday night and what they had been wearing.

At 3:45 p. m. Petrie and Rhoads returned to the Wassiluck home with a piece of the grey shirt. Mrs. Mary Romig, 720 Mintzer street, another of Wassiluck's sisters, who had made a shirt for Bernard like that from which the piece came, went to the Bucktown garage to which the wrecked auto had been towed.

She found more of the shirt and the heel portion of a black work shoe.

"AS SOON as I saw the shoe I knew it was his," she said last night. "He had a small foot, but it was very wide. I remember that right after he got the shoes who was being held under \$300 bond for a hearing on a charge of disorderly conduct arising from an argument with a 17-year-old Pottstown youth Friday night."

"I'm voting for Eisenhower because we have to remain strong spiritually. He was raised in a family of God-fearing people who respected the virtues which have made America great. to represent you. However, you should know the answer to a lot of things so very serious that it may affect your life for years to come.

"You should review the gains that you have made under the present union which represents you against those that some other might promise you."

The letter continues that maintenance workers in the URW "enjoy the highest wages of any large concern in the East, \$2.14 an hour for the higher skilled jobs plus the 10-cent wage increase recently negotiated."

The letter states the URW has a much better bargaining record than the AFL and that promises of separate officers for an AFL maintenance group, with dues "not in excess of \$2.50 per month" do not make sense.

THE LETTER CONTINUES: "We raise these questions, not to be sarcastic or critical of another union. We have the highest respect for certain AFL unions, unions that anyone could have respect for."

"We refer to unions which point out to members many of their gains they are entitled to are held up by the law and who try to persuade their members to help change the law, and not those who try to improve their own lot during critical periods for all unions by promising a lot of things which they cannot deliver in order to get

you within their jurisdiction. "The United Rubbers Workers have negotiated a 10-cent wage increase, retroactive to Aug. 18, 1952. If this other union is successful in persuading enough members to sign cards, that wage increase will be held up. It would probably be six or eight months or more before a final determination could be made."

PACT APPROVED —

Ecker and Garber, members of the policy committee, which negotiated with the company in Cleveland, Ohio, earlier this month, and William Rhoads, and Jerry Ruttler, past presidents of Local 335.

Spokesmen against contract ratification called the company's clarification of the discipline clause inadequate, and explained the clause concerning paid grievance time and the clause dealing with outside contractors for maintenance work were not strong enough.

PROPOSERS of the contract said the company clarified the disputed issues in writing at the Cleveland conference.

It was pointed out supplementary contract negotiations are on schedule and some of the issues can be brought up at that time.

Ernest T. Handley, plant manager, said of the union vote, "I am pleased the contract has been signed. I hope for continued good relations."

The new contract will expire in June 1954.

Originally, the company and members of the international policy completed contract talks for a firm-wide pact in Colum-

bus, Ohio, this past Aug. 24.

At subsequent elections six of the eight Firestone plants ratified the contract but Locals 336 and 7 rejected it. Since they represented a majority of the total union membership, the contract was rejected.

The Firestone division of the International policy committee voted at the international rubber workers convention in Ashbury Park, N. J., this past month to request a reopening of negotiations with the company.

The Cleveland conference, which began this past Oct. 14 and ended on Oct. 18, was the result of this request.

If you hang them on the line in the early morning when the air is damp, and let them "air out" all day, they will smell fresh and will be unwrinkled.

In Setting of Autumn Leaves and Fern Patricia Grow Marries Roy Lee Harvey

Autumn leaves, ferns and white chrysanthemums formed the setting Saturday for the wedding of Patricia Dawn Grow of Pottstown RD 3 and Roy Lee Harvey of Linfield in Emmanuel Lutheran church.

Officiating at the double ring afternoon ceremony, attended by 300 guests, was the

Rev. Luther A. Krouse.

Mr. and Mrs. Parker W. Grow Sr., of Pottstown RD 3, are the bride's parents, and the groom is the son of Mr. and Mrs. Harold S. Harvey of Linfield.

Peggy Grow, the bride's sister, presented the program of nuptial music.

Given in marriage by her father, the bride chose a gown of candlelight satin and chantilly lace. Seed pearls and tiny satin leaves accented the bodice's panels, which fell from the double leaf shoulder collar.

Caught to her head with a cap of satin leaves, the bride's fingertip veil of tulle was dotted with pearls. White orchids, lily of the valley and velvet leaves, tied with a shower of ribbon, formed her bouquet.

For her role as maid of honor, Mary Lou Singer was attired in a gown of faille, the color of green winter wheat.

Large leaves of faille formed the off-the-shoulder neckline of the bodice, from which cascaded a billowing skirt.

Brown ribbon and gold trolitine tied her bouquet of bronze chrysanthemums and red petits fleurs, set in clusters of wheat and Autumn leaves and ringed with green net.

Wearing dresses of the same style, the bridesmaids were Patty Harvey, sister of the groom, and Mrs. Jay Harner, a classmate of the bride's.

Gold was the color of Miss Harvey's faille gown, and Mrs. Harner was clad in copper. Their bouquets, identical to the maid of honor's, were tied with ribbons to match their frocks.

For headpieces, the attendants wore circlets of oakleaves and red petits fleurs.

Her younger sister, Penny Grow, was the bride's flower girl and wore gown of the same hue as the honor maid's, fashioned with a tutted skirt.

Perry Grow, the bride's brother, carried the rings on a satin pillow.

Best man was Harold S. Harvey Jr. of Linfield, the brother of the groom.

Norman E. Engle and Richard Ludwig, both of Pottstown, were the ushers.

Her mink hat matched the mink trim of the antique gold satin gown of the bride's mother, who's green corsage was of cypripedium and ivy.

The groom's mother wore a dress of duobonnet velvet, accented with a Winter pink hat and cymbidiums.

Following a reception in the social room of the church, the couple left for a wedding trip through New England and Niagara Falls.

For traveling, the bride chose a going-away suit of French cashmere with a matching hat and alligator accessories.

They will be at home after Nov. 8 in the residence of the bride's parents.

Among the guests attending were out-of-towners from Trenton, N.J., Northfield, N.J., Columbia, N.J., Baltimore, Md., Wilmington, Del., Boston, Mass., Philadelphia and Reading.

Delegation From Pottstown Salvation Army Attends Home League Rally in Atlantic City

The Salvation Army Home League Rally held in Atlantic City, after which a vote was taken on the type of league pre-ferred. The vote showed that the sylvanian, Southern New Jersey Modern league was an almost unanimous choice.

The Rally opened with musical selections by the songsters and band followed by election of officers. Each delegation carried a standard depicting its city and the York, Pa., standard with a white rose received first prize.

Senior Major Miriam Wilson presided, Mrs. Major Arthur Bamford gave the invocation, Mrs. Brigadier James Henderson made the welcome address and Mrs. Capt. Flinn of Pottstown was the soloist.

Two types of leagues were presented at the meeting: "The Sewin and Knitting Party" or "Neophobe Party" and "The Modern Home League" which is one of service, education, fellowship and worship.

A spiritual address was given by Brigadier Ruth Brindley, territorial Home League secretary, expressing her hopes for the future Home League. The rally closed with the singing of "The Battle Hymn of the Republic" and the Mizpah benediction.

Pottstown's Prides

Another in the series of beautiful homes that make Pottstown warm

—Mercury Staff Photo

This home of Mr. and Mrs. Gordon E. Shanabrook at the southeast corner of North Evans and Wilson streets may be more than 20 years old but it has the big downstairs windows regarded as up-to-date and a quantity of closet space such as most homebuilders just hope to get. Typical of the closet situation here is that on the second floor, two of the bedrooms each have one closet; the third bedroom has two closets, and there are two linen closets in the hall. All of the closets are big enough to walk into. Downstairs at the left is the dining room and behind that, the kitchen. At right is the living room,

which runs the full depth of the house. The living room fireplace is of the same red brick as the house. Also on the first floor are a powder room and at the back an enclosed porch. With the bedrooms and bath on the second floor is what was a sewing room but which now is used by Shanabrook, an agent for Prudential Insurance Company of America. On the third floor are two more bedrooms. There's a full basement, with the part under the porch used as a cold cellar.

That's Mrs. Shanabrook on the walk.

Expert on Helicopter To Address Air Unit

Anthony V. Tuclillo, representative from a helicopter corporation will address a meeting sponsored by the Pottstown Air Force Reserve unit in the YMCA at 8 o'clock tomorrow night.

The meeting will be held for the Air Force Reserve group and other interested area organizations.

Tuclillo will discuss how helicopters fly, how they are now being used and plans for their use in the future. He also will show a motion picture on helicopter operations.

Tuclillo, a former Air Force man, is supervisor of field service at Plasecki. He is responsible for field service representatives located at military installations where the company's helicopters are operated, and overseas where the service department engineers monitor field operations.

Sneak Thief Bags \$1715 From American Legion

PARIS, Oct. 26 (AP)—A sneak thief got away with about \$1715 worth of dollars and francs from American Legion headquarters in Paris today.

A Legion official said the man apparently swept the money from a desk when an employee left the currency-changing office for a moment.

French police are investigating. Almost 90 percent of US farms have electricity.

Committee Set Up To Help President

WASHINGTON, Oct. 26 (AP)—The National Planning association announced today it has set up a special 19-member policy committee today to study how the President's staff can best help him with his work.

A non-profit, non-political organization, the association said the purpose was to increase the effectiveness of the executive office "so that future presidents will have the most efficient assistance possible in carrying out their heavy responsibilities."

Summer T. Pike, former member of the Atomic Energy commission and of the Securities and Exchange commission, will head the 19-member committee named to undertake the study.

H. Christian Sonne, association chairman, said the other members serving with Pike have had long experience in top-management problems in business and government.

"The new president of the United States, no matter who he is, now how well qualified and well intentioned," Sonne said, "must have a well organized, flexible and efficient staff if he is to carry out the responsibilities imposed upon him."

Vietminh Advances Toward Black River

HANOI, Indochina, Oct. 26 (AP)—The Vietminh showed the bulk of their offensive forces further south today toward the Black river in northwestern Indochina. French union forces prepared to counter any big enemy attempt to cross the river.

Most units involved in the Communist-led Vietminh feigned drive southward appeared to be within 15 miles of the river. One thrust was aimed toward the French fortified post of Quinh Nhai, 35 miles southeast of the Thai capital, Lai Chau. This position has already thrown back a series of strong enemy assaults.

Two other drives were aimed southwestward toward the Black river from the Nhai Lo sector, 100 miles northwest of Hanoi.

Soviet Supreme Court Scores Woman Judge

MOSCOW, Oct. 26 (AP)—The Soviet Supreme Court has cited a woman judge of the people's court in Moscow for compromising herself and has suggested that her actions be reviewed with the purpose of firing her.

According to the papers, the judge, A. V. Romanova, and a man named Tarashkevich contrived to take over a room occupied by a woman pensioner, A. A. Orlova. Upon appeal to the Moscow city court, they were reversed in their action and the judge and her friend ordered evicted from Orlova's room.

Pretty Italian to Go On Trial for Ike Riot

NAPLES, Italy, Oct. 26 (AP)—A pretty, 32-year-old Italian Communist woman legislator goes on trial here tomorrow for leading an anti-Eisenhower riot in which somebody bit off a policeman's ear.

She is dark-haired Luciana Viviani, whose immunity as a member of the Chamber of deputies was lifted by the legislature so she could be tried for "leading a disorder and abusing police."

It is not charged that Luciana herself bit off the ear of a policeman who tried to stop the outlawed demonstration when Gen. Eisenhower visited here as NATO supreme commander in January, 1951.

The policeman refused to testify against her. He merely said "some woman" in the crowd did it during a scuffle between police and Luciana's partisans. Most of the demonstrators were students and women, police said.

The REDS GO OUT...when IKE goes in!

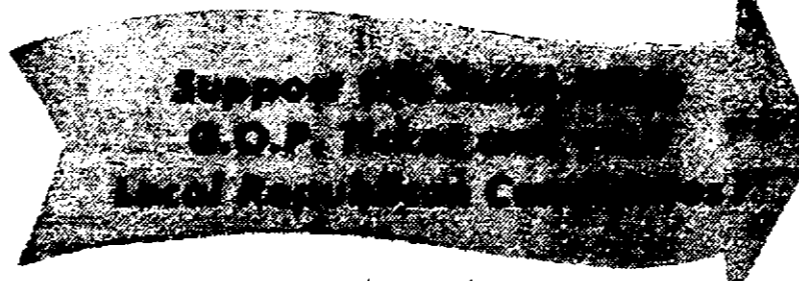

DWIGHT D. EISENHOWER

RICHARD M. NIXON

Eisenhowers have lived in Pennsylvania since 1741... farmers... religious leaders... men who fought for justice and freedom. Today, Ike's brother, Milton, is president of Pennsylvania State College... his brother, Earl, an engineer near Pittsburgh. Ike himself owns a farm in Adams County.

Dick Nixon's Quaker ancestors originally lived near Philadelphia. His great-grandfather was born in Greene County, Pennsylvania, died in the Battle of Gettysburg. His uncle, Dr. Ernest L. Nixon, is Pennsylvania's noted "Potato Wizard." His father owns a farm in York County. Ike and Dick both belong to Pennsylvania!

These candidates are experienced in government... qualified to give you good government. Vote straight Republican!

Vote for EISENHOWER and NIXON

Ike believes, as does every patriotic American, that Communism is the greatest threat to the security of our nation. Ike won't tolerate communists in our government. He won't cover up the Red menace. You'll never hear Ike calling treason a "Red Herring," while atomic secrets and diplomatic secrets go out the back door to communists. Ike will root out ruthlessly and completely every communist traitor now in Washington... and expose the people who put them there.

Ike will give this country new strength, new unity. He'll wipe out present threats to peace and security from within and without. Ike will restore honesty and honor, economy and efficiency, in Washington. Vote for Ike... a man who will work unceasingly to make this country a place where you, his fellow Pennsylvanians, can live in security and have prosperity without war.
